

# Scandiatx.- extraction file:

- **Total records 1995-2013:** 18025
  - **LD:** 5247, non-Scandia: 14 (excluded)
  - **DD:** 12778 (some double!)
  - **No F-up date:** 81, LD: 47, DD: 34
- AR: 1; CP: 9; GO: 30; ML: 6; ST: 13; UP: 17; OS: 4; RE: 1.
- **Missing Tx-number:** 112; 47 LD, 45 DD (& some wrong!)
  - **Discrepancy** "Scandia Waiting for" vs. Registry nr: 554
  - **LD-donor age:** unreliable, both by birthday & by stored age!

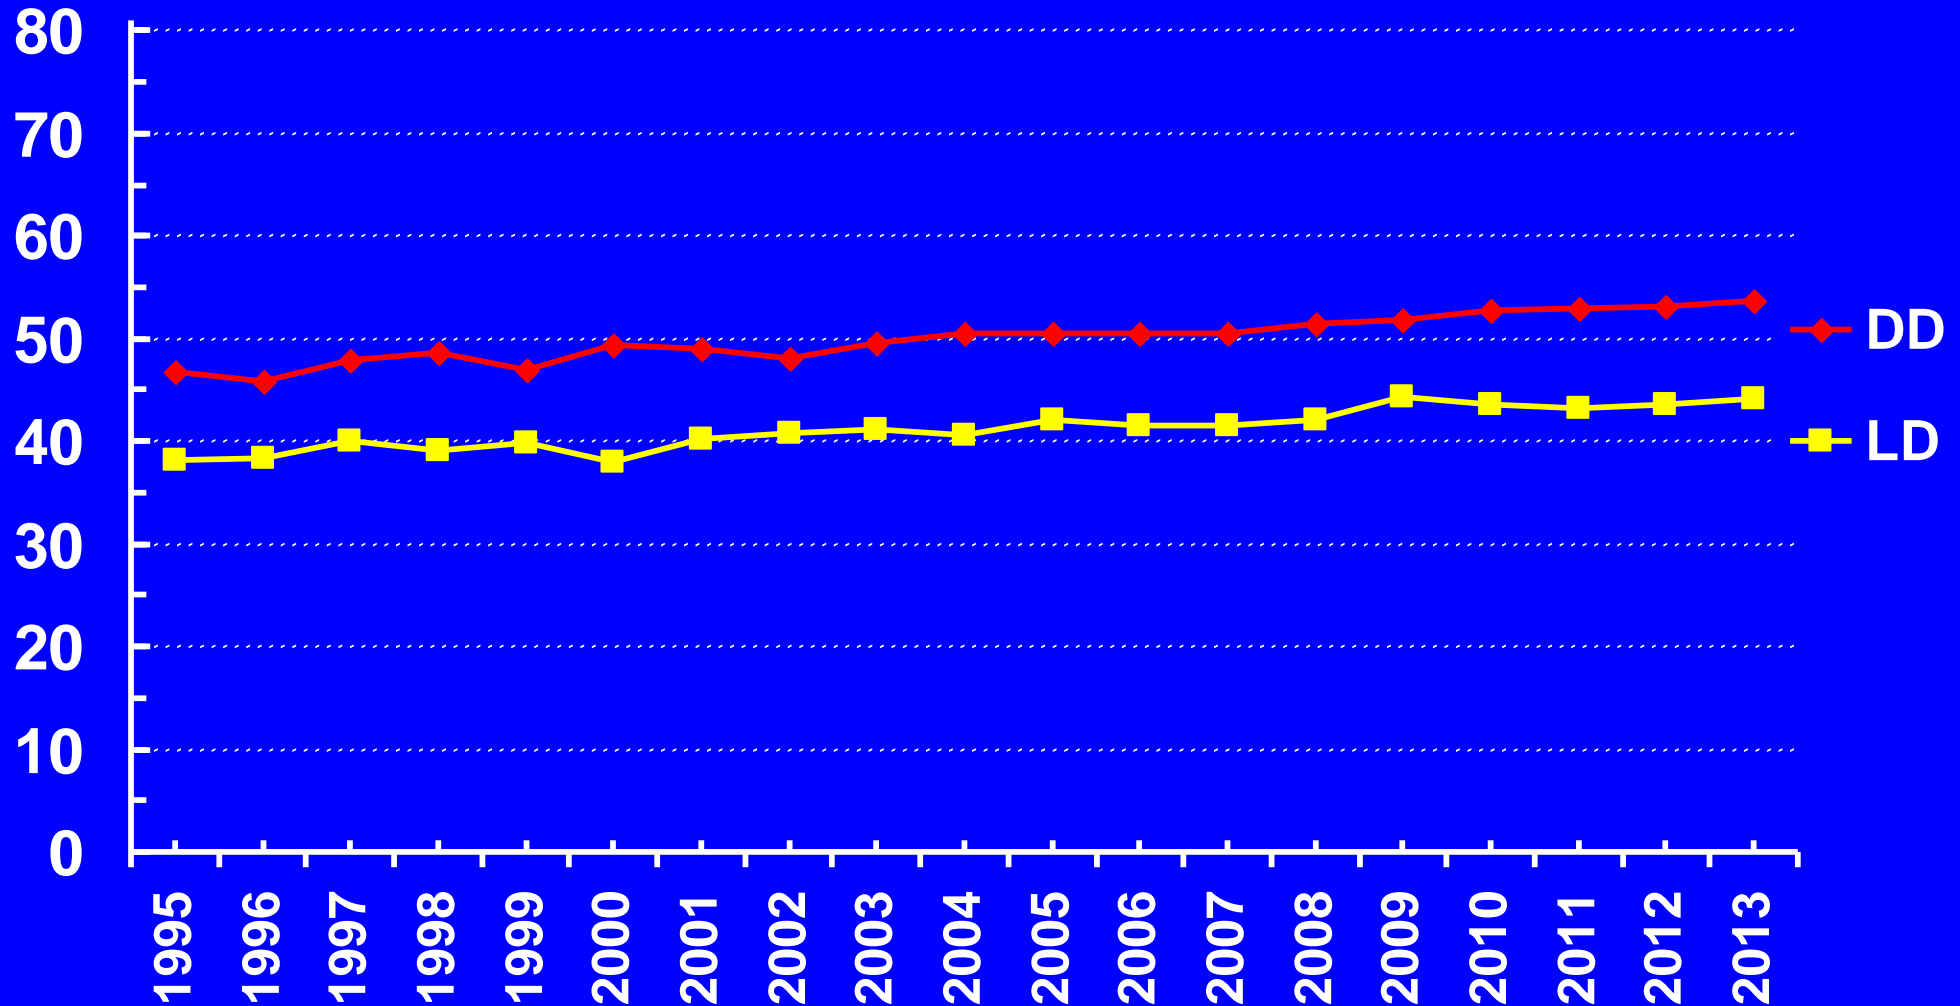

# Renal transplants in ScandiTransplant

## By donor source & transplant year, 1995 - 2013

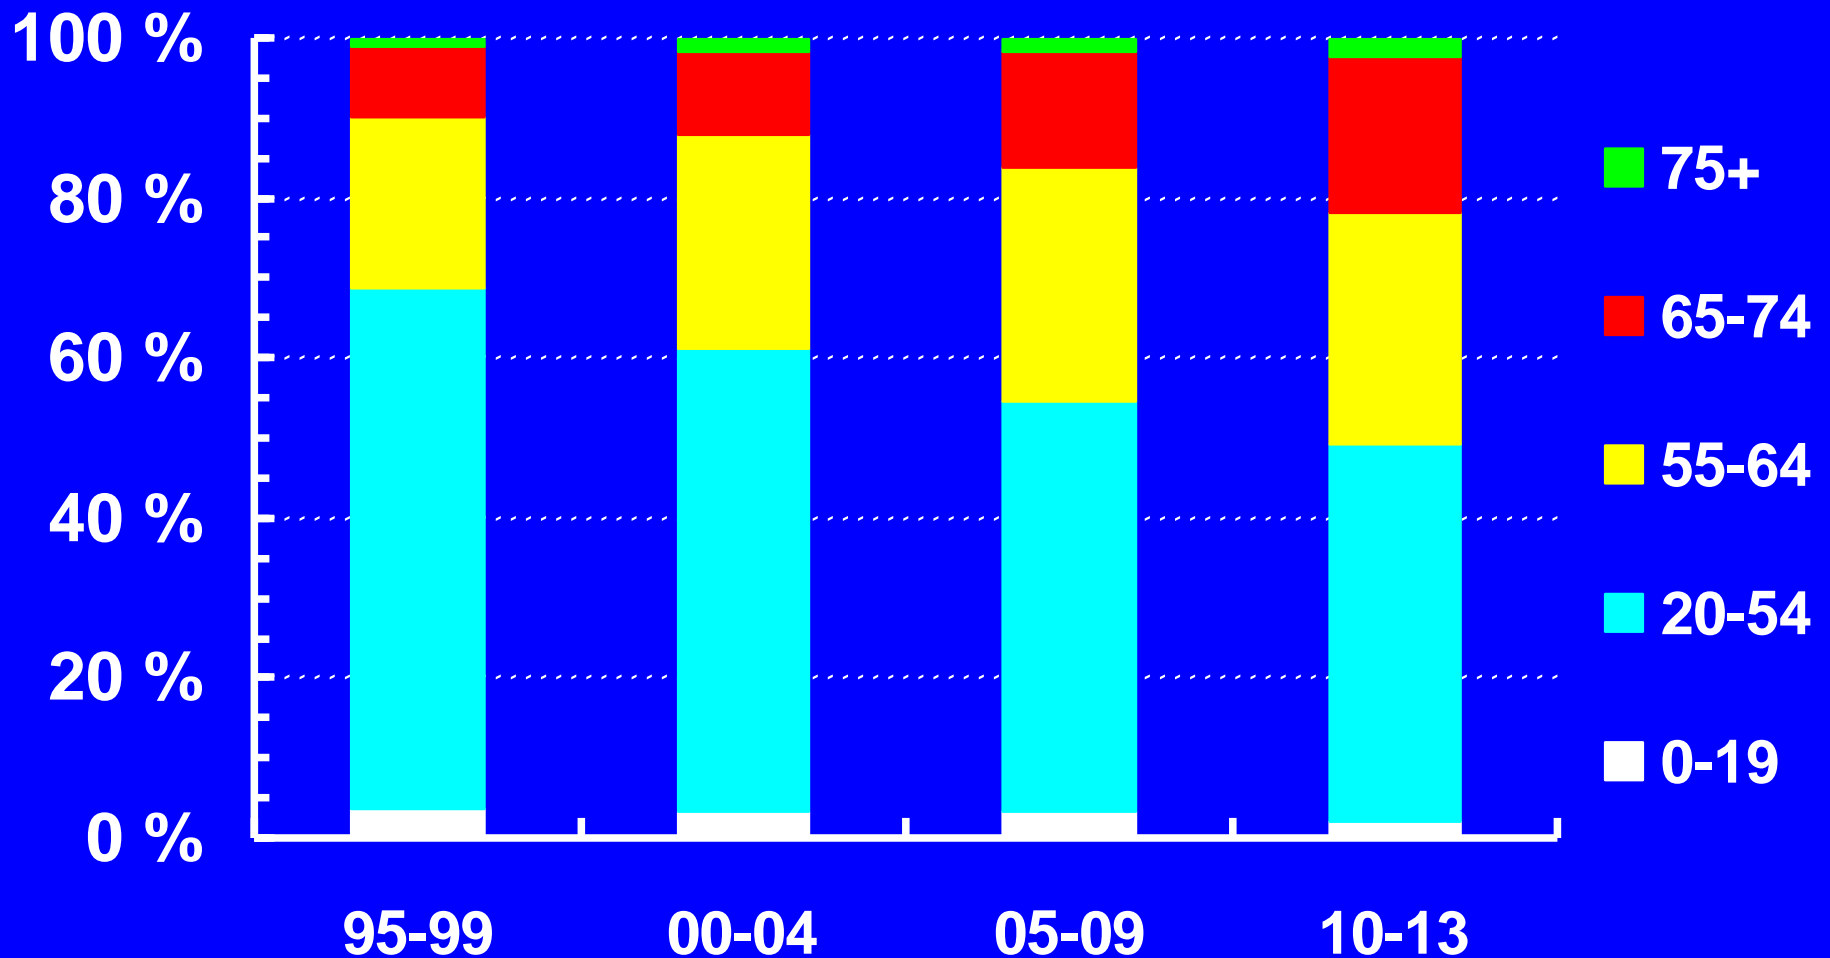

# Recipient age in Scandiatransplant

## By donor source & transplant year, 1995 - 2013

# Deceased donor renal transplants

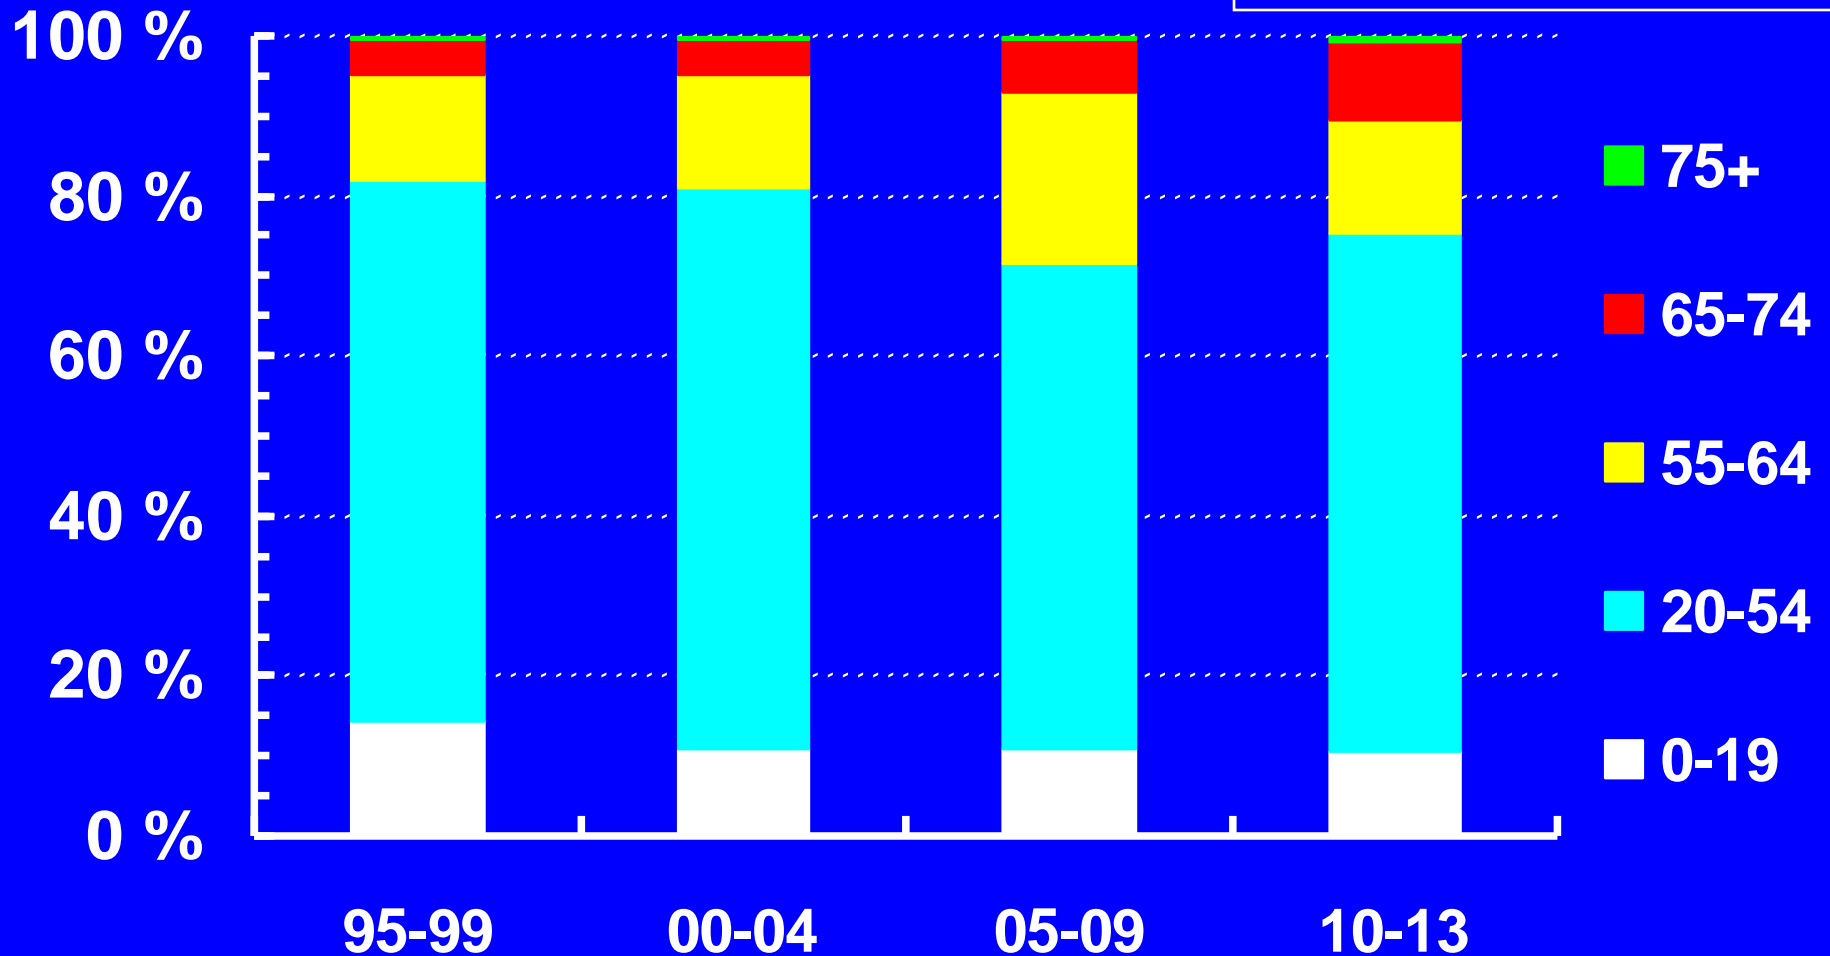

by recipient age strata. Scandiatriplant 1995-2013

# Living donor renal transplants

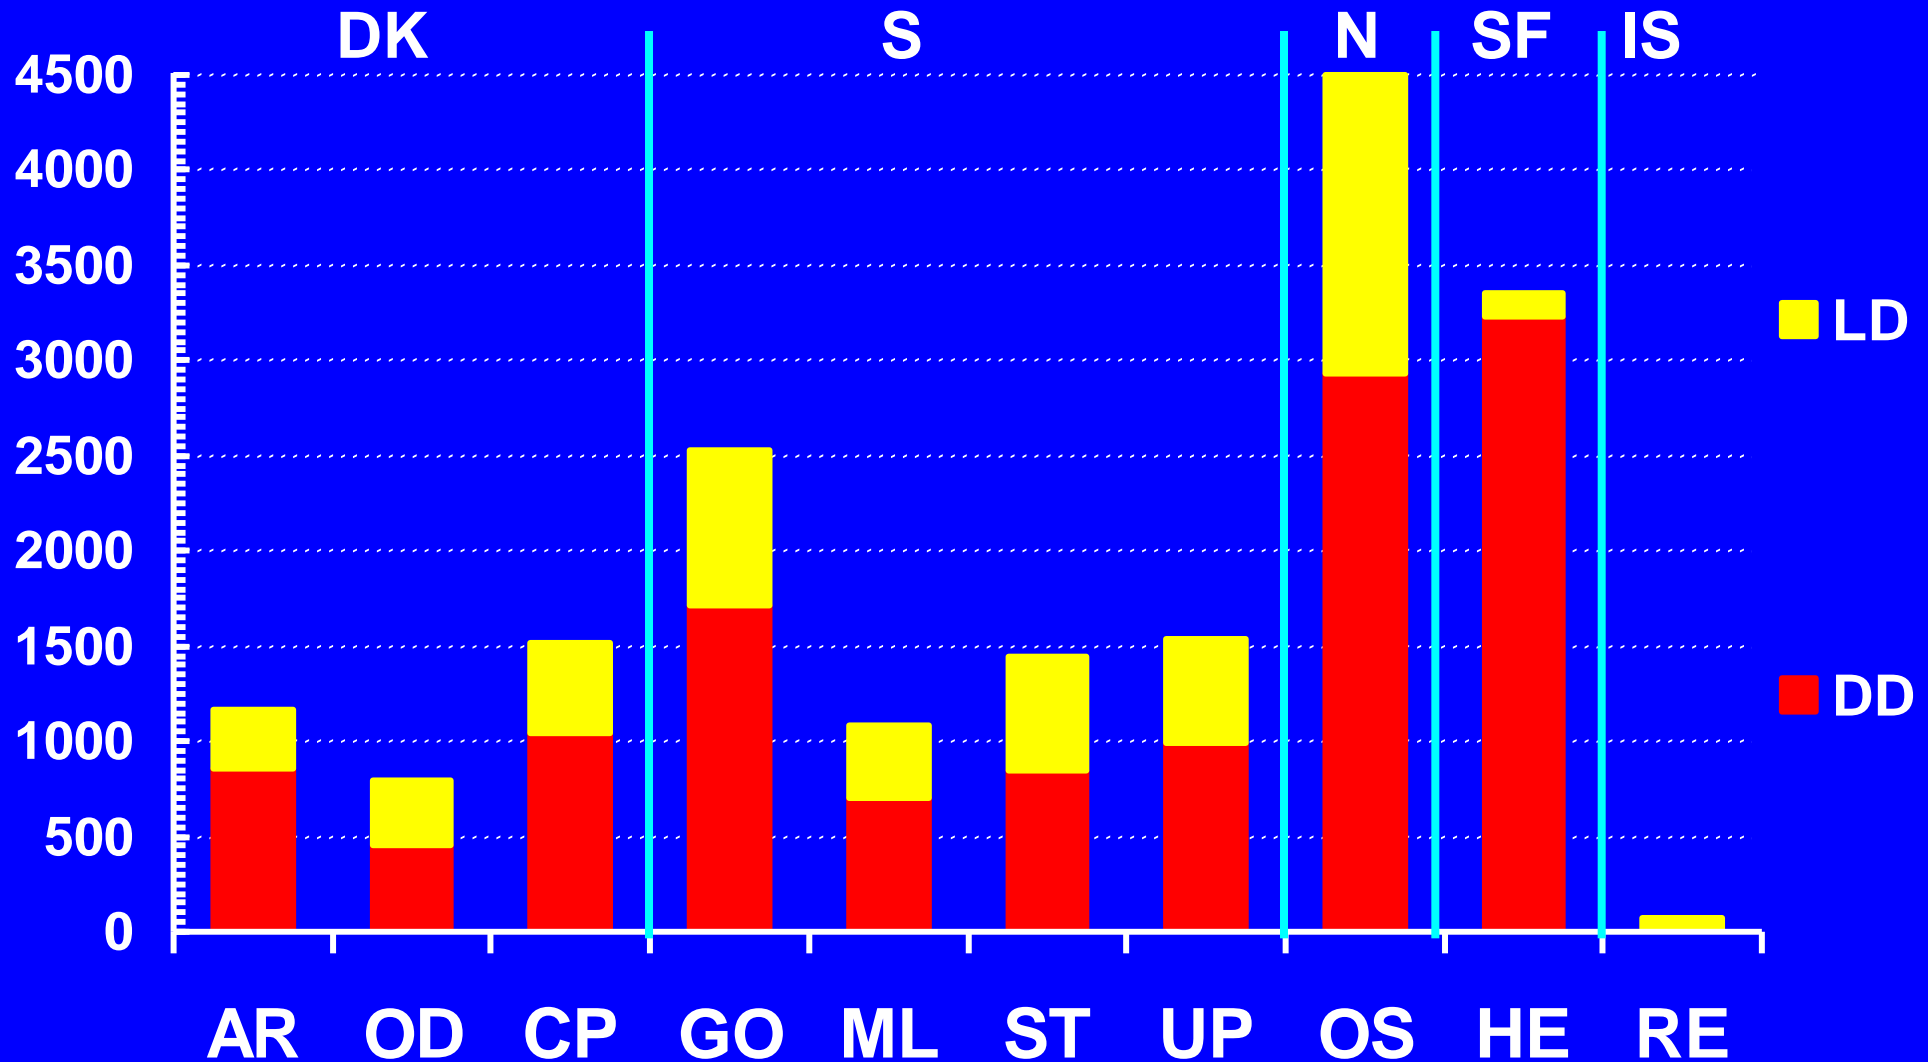

by recipient age strata. Scandiatriansplant 1995-2013

NB: minor corrections needed, but fig. reflects general picture
