Kidney, listing of possible paybacks

When a new deceased donor is registered in YASWA and information is saved a snapshot-list of possible kidney paybacks is displayed in a new 'Payback' tab on the donor.

NEW Kidney payback snapshot

Deceased donor registration Info Back Save Reset Print Preview offer Send offer

Donor number: 96769 Sex: M: Male
Hospitalized in: DK: Denmark Citizenship of: DK: Denmark
Birth-date: 01-Mar-1960 Person Number: 010360 Age in years at donation: 60
Donor name: Name Temporary ID:

Basic Infection Laboratory tests Medical info Blood gas & vent Medication HLA Organ proc. Organ offer Organ QC **Payback** Files

Kidney payback
Priority 1: Obligatory payback, donor age is +/- 15 years compared to original received kidney and with same ABO.
Priority 2: Optional payback, within age range but different ABO
Priority 3: Optional payback, outside age range but same ABO
Priority 4: Optional payback, outside age range and different ABO

Update snapshot

Priority	Graft type	Donor number	Age	ABO	Tx date	Credit (payback to)
1	KL: Left Kidney	94712	70	A	11-Aug-2018	GO: Göteborg
2	KL: Left Kidney	95302	48	B	15-Jan-2019	OD: Odense
2	KR: Right Kidney	95841	64	B	18-Jun-2019	GO: Göteborg
2	KR: Right Kidney	96333	65	0	01-Dec-2019	HE: Helsinki
3	KL: Left Kidney	95010	76	A	24-Oct-2018	ST: Stockholm
3	KR: Right Kidney	95931	31	A	20-Jul-2019	GO: Göteborg
3	KR: Right Kidney	96230	30	A	05-Nov-2019	GO: Göteborg
4	KL: Left Kidney	96577	34	0	12-Feb-2020	OD: Odense
4	KR: Right Kidney	3	34	0		OD: Odense

All owes are listed and divided into four categories/priorities:

Priority 1:

Obligatory payback, donor age is +/- 15 years compared to original received kidney and with same ABO.

Priority 2:

Optional payback, within age range but different ABO

Priority 3:

Optional payback, outside age range but same ABO

Priority 4:

Optional payback, outside age range and different ABO

Owes separate in 4 categories, based on the current donor registration

From the list there is a shortcut (click on the specific payback suggestion) into registration of payback /payback refusals.

If you need to update the payback list (time span between first registration and donation, update of date etc.) you click on the 'Update snapshot' button.

STEP, additional parameters on living donors

On living donors that are part of the STEP program additional information is needed for the receiving center to be able to evaluate the donor.

Fields for entering comorbidity, ongoing medication and additional kidney pre op information has now been added.

Revision of thorax registry

Thorax registry, separate Follow Up data entry for heart and lung patients

The Scandiatransplant Heart and Lung Group (SHLG) has decided that the thorax registry needs a major revision. One of the key points is that data entry on heart and lung will be separated in two.

Today the third part of this revision is introduced in the Thorax Registry -> Follow up, where heart and lung have been separated in two menu entries.

Furthermore, the heart transplantation form has been through a major revision according to what has been decided by SHLG. It strives to be in line with the registration form – found [here](#).

Follow the Covid-19 status in Scandiatransplant

Covid-19 report on homepage

Follow the number of patients infected with Coronavirus on the Scandiatransplant homepage:

<http://www.scandiatransplant.org/data/covid-19-status-in-scandiatransplant>

The numbers are update each Friday afternoon and the numbers presented in the table are based on registrations made in YASWA. Data exchange with several national registries have been established.

How-to register in YASWA - please read more in the last newsletter '[April 2020](#) - Covid-19 registration'
