Tartu associated member of Scandiatriplant

Tartu users now have access to YASWA production

Tartu, Estonia was accepted as an associated member of Scandiatriplant May 10th, 2017

From August 1st, 2017, they have received access to YASWA production, so they can start preparing their patients for entering the waiting lists.

From October 1st, 2017, they will work and follow all Scandiatriplant regulations and organ allocation rules (=their patients will become active on the waiting list, all deceased donor will be registered in YASWA, they will respond on organ offers etc.).

Validation of person numbers – layout has been changed

Validation of Estonian person numbers, when entering recipients and donors, has been implemented in YASWA.

As gender is part of the Estonian person number, some fields in recipient and donor have been moved around.
