New payback rules for kidneys
From January 1\textsuperscript{st} 2020 new rules will apply for payback of kidneys (return obligation). The new rules are found here.

From this same date and forward registration of why a kidney was not used for payback must be registered in YASWA.

Donor $\rightarrow$ Deceased Donor $\rightarrow$ Organ Procurement (kidney left, kidney right, kidney double)

New extractions from pancreas registry
3 new reports to extract pancreas registry data from own center has now been launched.
They are available through Pancreas registry $\rightarrow$ Reports.
Living donor, procuring and tx center
In relation with STEP (kidney paired donation program) kidneys from living donors are now procured and exported to another tx center. In relation with this both procuring and tx center fields are available and must be filled in for each living donor.

Living kidney donor organ form
With STEP a new organ form has been introduced to be shipped along with the kidney. The form is found on the Scandiatransplant homepage: http://www.scandiatransplant.org/organ-allocation/forms
→ Living KIDNEY Donor Organ form

Next STEP match run
The next STEP match run is planned to be executed January 28th 2020.

Deadlines for the upcoming STEP match run:
- Deadline for data entry in YASWA (new pairs and updates): January 23rd 2020, 10:00 CET
- Scandiatransplant office will do a quality check on data and send list with pairs to be confirmed by each center: January 23rd 2020,
- Confirmation of pairs must be done to Scandiatransplant office no later than January 27th 2020, 12:00 CET
- STEP match run: January 28th 2020

Clinical lab. ref. values
A common revised overview of country wise reference values on clinical laboratory test is now available on the homepage Clinical laboratory tests, reference values
Notification when patient is accepted to STAMP
The person who has sent a STAMP candidate for evaluation will now be notified by e-mail when the patient has been approved and is activated on STAMP.

The header in the e-mail will look like this:
[SCTP]STAMP: NA->YA SC#xxxxx
