1. Pediatric Renal Transplant Information

Find and enter the ‘Kidney Registry’ menu followed by the ‘Pediatric Renal Transplant Information’ menu.

When you enter the menu the first screen gives you the possibility to search for pediatric renal transplanted recipients.

You can search on one or combine parameters.

If you do not enter any search parameters and press search or enter, you will get a list sorted by Scandia number and transplantation date.

When you have found the recipient you wish to enter data on, you click on the line containing recipient information.
2. Registration of information

Now you are able to navigate around the different tabs and register/alter data on the selected recipient.

If you have made registrations that have not been saved yet the 'save button' will be displayed in black writing. If no alterations have been made the writing will be light grey.

Some of the data is mandatory to register, if data is missing you will be reminded when saving data.

3. Pediatric Renal Follow Up Information

Find and enter the ‘Kidney Registry’ menu followed by the ‘Find and enter the ‘Kidney Registry’ menu followed by the ‘Pediatric Renal Follow up Information’ menu.

To find an existing follow up, you can search on one or combine parameters.
If you wish to add a follow up, you need to have the Scandia number, which you can find on previous follow ups or through the ‘Pediatric Renal Follow up Information’ menu.

You can now start entering information
