

User manual Heart rotation

1. Enter the rotation list to rotate and/or view current status

Enter the 'Heart rotation' menu.

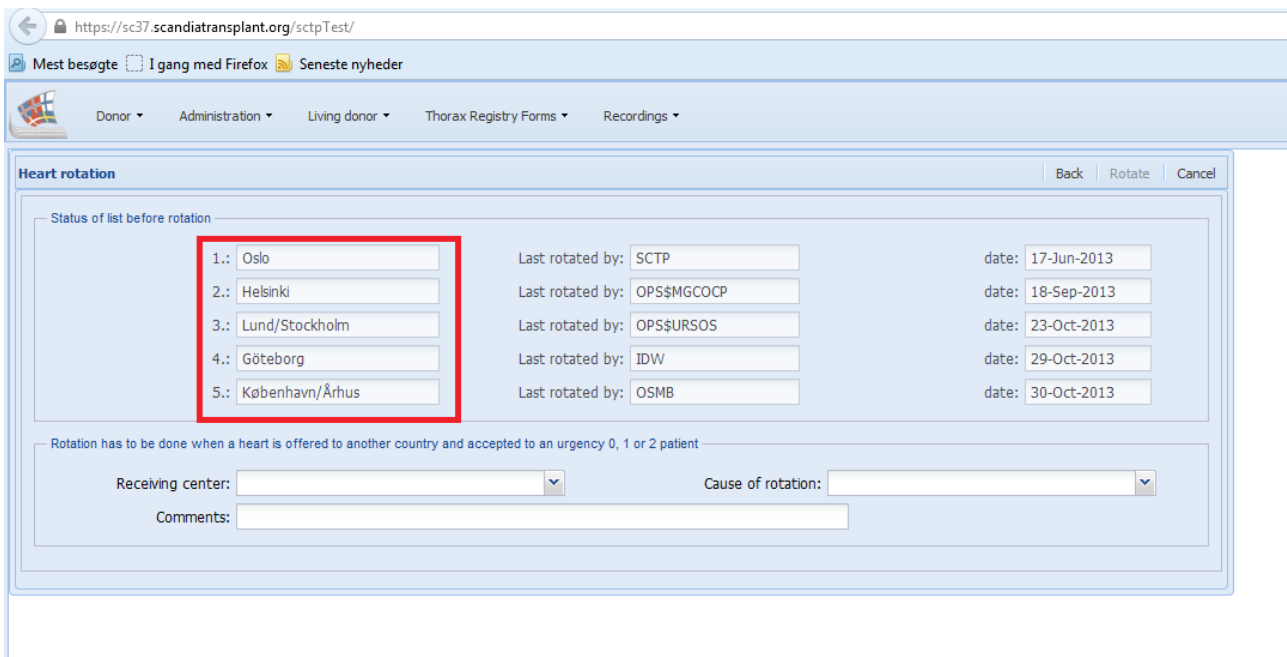

The screenshot shows a web browser window with the URL <https://sc37.scandiatransplant.org/sctpTest/>. The navigation menu includes 'Donor', 'Administration', 'Living donor', 'Misc', 'Thorax Registry Forms', 'Recordings', 'Waiting list', and 'Liver Registry Forms'. The 'Donor' menu is open, showing options for 'Liver rotation', 'Lung rotation', 'Heart rotation', and 'Organ offer'. The 'Heart rotation' option is selected and highlighted with a red circle. Below the menu, the 'Heart rotation' form is visible, showing a list of five centers with their last rotated by and date. The 'Rotation' section includes a 'Receiving center' dropdown, a 'Cause of rotation' dropdown, and a 'Comments' text field.

Center	Last rotated by	date
1.: Oslo	SCTP	17-Jun-2013
2.: Helsinki	OPS\$MGCOCP	18-Sep-2013
3.: Lund/Stockholm	OPS\$URSOS	23-Oct-2013
4.: Göteborg	IDW	29-Oct-2013
5.: København/Århus	OSMB	30-Oct-2013

When you enter the 'heart rotation' system you will find:

- The current status

The screenshot shows the 'Heart rotation' system with the current status of the rotation list. The 'Status of list before rotation' section is highlighted with a red box. The 'Rotation' section includes a 'Receiving center' dropdown, a 'Cause of rotation' dropdown, and a 'Comments' text field.

Center	Last rotated by	date
1.: Oslo	SCTP	17-Jun-2013
2.: Helsinki	OPS\$MGCOCP	18-Sep-2013
3.: Lund/Stockholm	OPS\$URSOS	23-Oct-2013
4.: Göteborg	IDW	29-Oct-2013
5.: København/Århus	OSMB	30-Oct-2013

- The place to make an actual rotation

Status of list before rotation

1.: Oslo	Last rotated by: SCTP	date: 17-Jun-2013
2.: Helsinki	Last rotated by: OPS\$MGCOCP	date: 18-Sep-2013
3.: Lund/Stockholm	Last rotated by: OPS\$URSOS	date: 23-Oct-2013
4.: Göteborg	Last rotated by: IDW	date: 29-Oct-2013
5.: København/Århus	Last rotated by: OSMB	date: 30-Oct-2013

Rotation has to be done when a heart is offered to another country and accepted to an urgency 0, 1 or 2 patient

Receiving center: Cause of rotation:

Comments:

2. Rotation

1. Choose which center you wish to rotate (=receiving center)
2. Select cause of rotation
3. *Optional* enter a comment e.g. donor Scandia number. (You do not have to enter the order of the center as this is automatically logged and is found in the rotation log).

Rotation

1. Receiving center:

2. Cause of rotation:

3. Comments:

When you have registered the correct information click on the 'Rotate' button

The screenshot shows a web browser window with the URL <https://sc37.scandiatransplant.org/sctpTest/>. The page title is "Heart rotation". In the top right corner, there are three buttons: "Back", "Rotate" (circled in red), and "Cancel".

The main content area is titled "Status of list before rotation" and contains a table with the following data:

Rank	Center	Last rotated by	date
1.	Oslo	SCTP	17-Jun-2013
2.	Helsinki	OPS\$MGCOCP	18-Sep-2013
3.	Lund/Stockholm	OPS\$URSOS	23-Oct-2013
4.	Göteborg	IDW	29-Oct-2013
5.	København/Århus	OSMB	30-Oct-2013

Below the table, there is a note: "Rotation has to be done when a heart is offered to another country and accepted to an urgency 0, 1 or 2 patient".

The form below contains the following fields:

- Receiving center: HE: Helsinki (dropdown menu)
- Cause of rotation: OK: Organ accepted (dropdown menu)
- Comments: Heart from donor 45557 (text input field)

Now the displayed rotation list will be update
