Guidelines for
Scandiatransplant Travel Grants

The aim of the Scandiatransplant travel grant is to encourage the personal contact and clinical and scientific collaboration between the member hospitals. The following rules apply:

1. All active employees at the Scandiatransplant member hospitals who work most of their time within areas related to the purpose of the Scandiatransplant Collaboration as outlined in the Articles may apply for a travel grant.

2. Financial support may be granted for travels both in- and outside the Nordic countries regarding relevant studies and education within the scope of the Scandiatransplant purpose.

3. The Scandiatransplant Travel Grant Application form must be completed in English. Additional documentation should be in English and be limited to a maximum of two pages including the budget. The applicants CV (maximum two pages) should be attached.

4. A budget describing the financing plan must be enclosed. If you apply for partial funding, Scandiatransplant must be informed of the total budget and any other funding.

5. Scandiatransplant does not grant financial support for participation in congresses, symposiums, or similar activities, nor for partial financing of postdoctoral or research fellow study years or similar.

6. The grant applications are reviewed at a Scandiatransplant Board meeting in March.

7. The Travel Grant Report Form must be returned to Scandiatransplant not later than at the end of the year following the travel. Money not used must be returned to Scandiatransplant.
