

Database update today January 24, 2018

# News from Scandiatransplant office

## January 2018

## Introduction

#### Headlines

- Organ preservation date and time
- Update on kidney and liver payback registration system
- Search parameters in pdf print
- NLTR early post tx information tab
- DP/DPB1 updated with serological (equivalent) list
- Registration of HLA antibodies with serological and genomic nomenclature

All previous newsletters can be found on the Scandiatransplant web page http://www.scandiatransplant.org/news/newsletters

#### Content

- 1 Introduction and purpose
- 2 Organ preservation date and time
- 2 Update on kidney and liver payback registration system
- 2 Search parameters in pdf print
- 3 NLTR early post tx information
- 3 DP/DPB1 updated with serological (equivalent) list
- 4 Registration of HLA antibodies with serological and genomic nomenclature

### Purpose

By this information letter, we wish to communicate to you about status and progress related to the database, collaboration with groups related to Scandiatransplant and on-going working projects.

We hope that you will read it and share the information with whom it might concern.

Do not hesitate to contact us for further information, ideas, problems and help.

Scandiatransplant Aarhus Universitetshospital, Skejby 8200 Aarhus N Denmark www.scandiatransplant.org

#### Organ preservation time

Date and time of 'Preservation start' has been added in the top of the 'Organ procurement' tab. The information now only needs to be inserted in this one place and no longer on each procured organ.

Donor number:	9				Sex:	F: Female			
Hospitalized in:	DK: Denmark	~		(	Citizenship of:	DK: Denmark	~		
Birth-date:	1950 🖪	Perso	on Number:			Age in years	at donation: 6	57

# Update on kidney and liver payback registration system

Labels in 'Payback status' have been updated:

<u>Credit (payback to center)</u> = If you insert you own center here you will find the organs that <u>other centers owe you</u>.

<u>Owe (organ to center)</u> = If you insert your own center here you will find the organs which <u>you owe other centers</u>.

Example other centers owe Malmö:

Payb	ack status Info								Sea	ch Print Res

-	93	7	0	16-Mar-2017	ML: Malmö/Lu	ML: Malmö/Lu	UP: Uppsala	KL: Left Kidney		
-	93	7	0	06-Sep-2017	ML: Malmö/Lu	ML: Malmö/Lu	UP: Uppsala	KR: Right Kidn		

### Search parameters in pdf print

When you wish to have a limited list of patients on the (pdf) print you enter the search parameters, press search and then print.

Search parameters used will now be listed in the header of the print.

🕌 Pay	back	status			2018-01-22 14:00
		Credit (payback to Hide alread	center): Malmö/Lund dy paid: X

## Additional variables in Liver Registry (NLTR) + updated registration forms

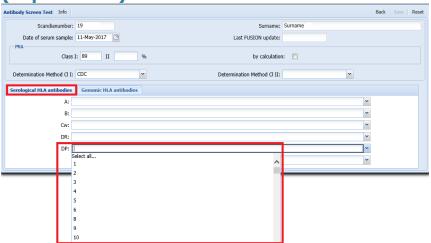

To comply with ELTR an additional tab has been added in form B to register early post tx information.

Form B detail	ls Info								Back Save	Reset
	Scandianumber:	9!				Person number:				
	Surname:	Surname:				First name:	First name	:		
	Sex:	F: Female			A	B0 blood group:	A			
	Fransplant center:	ST: Stockholm				NLTR centers:				
		STT Stocktom				Date of update:		95 📑		
User	r of latest update:					Date of update:	09-1404-19	95 🖸		
Basic S	imultaneous trans	plantation	Laboratory test	Pre & post-pathology	Operation	NLTR Donor info	ormation	SCTP Donor information	Early post-op	
- Lab results	within 15 days after	tx								
	Max bilirubin:		µmol/l	mg/dl		Max INR:				
	Max creatinine:		µmol/l							
Early	y complications: Y	: Yes	~							
				Please selec	t complication(s)					
	Complication codes			Treatment of complic	ation		Specify			
	AT: Arterial thrombo	osis								
	BF: Biliary fistula									
	BL: Bleeding									
	BS: Biliary stenosis									
	IC: Infected collection									
	IF: Infection (not w									
	LI: Liver insufficience									
	NC: Non-infected co									
	NO: No major comp	lication								
	OT: Others									
	PE: Pulmonary emb	olism								
	PF: Pleural effusion									
	PH: Phlebitis									
	PT: Portal thrombos	is								
	SS: Small for size									
	WI: Wound infection	1								

The registration forms have been revised so they correspond with the changes and are found  $\underline{here}$ 

The first test of data export from NLTR will soon be sent to ELTR for evaluation. Each liver transplant center will be contacted soon by the Scandiatransplant office.

# DP/DPB1 updated with serological (equivalent) list

YASWA now holds both a serological and a genomic list for registration of DP antibodies. DP data already registered has been transferred to the new lists.

Examples: DP 03 is transferred to serological list as DP3 and DP 0402 is transferred to the genomic list as DPB1\*04:02

Early post tx. information in NLTR form B

> HLA antibody registration of DP/DPB1

# Registration of HLA antibodies with serological and genomic nomenclature

The HLA Antibody Screen Test registration of specificities has been modified.

HLA antibodies against HLA-A, B, Cw, DR, DQ and DP is now registered with serological nomenclatur in the first tab:

Antibody Screen Test Info				Back Save Rese
Scandianumbe	:	Surname:	Surname:	
Date of serum sample	: 09-Nov-2017	Last FUSION update:		
Clas	s I: 71 II %	by calculation	n: 🔟	
Determination Method Cl	: CDC,LUMI 🗸	Determination Method Cl II:	LUMI	~
Serological HLA antibodie	Genomic HLA antibodies			
A:	1,3,11,23,24,25,29,32,36,43,80			*
В:	13,27,35,37,38,39,41,44,45,46,4	7,49,50,51,52,53,54,55,56,57,58,59,60,61,62,63,71,72,75,76	,77,78,82	*
Cw:	9,10			¥
DR:	8,11,13,14,17,18			*
DP:				*
DQ:	2,4,7,8,9			~

And HLA antibodies defined with genomic nomenclature for HLA-A, B, C, DRB1, DPB1, DQB1, DPA, DQA and DRB3/4/5 in the last tab.

HLA-A, B, C, DRB1, DPB1 and DQB1 will be converted to serological equivalent HLA types in the antibody summary and used as such in the rest of the system.

Example A\*24:02 -> A24

ibody Screen Test Info			Back Sa	ve Res
Scandianumber	: 19	Surname: Surname:		
Date of serum sample	:: 09-Nov-2017 🖪	Last FUSION update:		
	s I: 71 II %	by calculation:		
Determination Method Cl 1	: CDC,LUMI	Determination Method Cl II: LUMI		
erological HLA antibodies	Genomic HLA antibodies			
A:		×		
B:	Select all	×		
C:	01 0101	×		
DRB1:		×		
	02			
DPB1:	0201	*		
DQB1:	0202	×		
DPA:	0203	×		
DQA:	0204	*		
DRB3/4/5:	0205	*		
DR03/4/3.	0206			

This is a step towards direct transfer of information from Luminex to YASWA.

Genomic and serological registration of HLA antibody specificities
