November 2015 - 3

Postponed:

*Access will be closed
down to the old
system/user interface*

*System close down
December 1, 2015
9-10 o'clock (CET)*

Postponement of closing down access to the old user interface

Due to local problems at one of the Nordic transplantation centers with gaining access to the new web based user interface, we have decided to postpone the close down of access to the old user interface.

The current plan is to **close down access** to the old user interface **after December 8, 2015.**

We are really happy to see that so many of you have started to use the new user interface.

Please do not hesitate to contact us for further information, ideas, problems and help.

System close down

Tomorrow December 1, 2015 from 9-10 o'clock CET access to the system (both new and old user interface) will be closed down, due to replacement of a CPU cooler fan on the old server.

Purpose

By this information letter, we wish to communicate to you about status and progress related to the database, collaboration with groups related to Scandiatransplant and on-going working projects.

We hope that you will read it and share the information with whom it might concern.

Do not hesitate to contact us at help@scandiatransplant.org for further information, ideas, problems and help.
